

Are galvanized aluminum-magnesium cable trays expensive

Article Overview

The price of galvanized magnesium-aluminum cable trays typically ranges from \$16 to \$30 per piece for standard sizes, with variations depending on dimensions, thickness, and supplier.

Galvanized magnesium-aluminum cable trays are coated with a zinc-aluminum-magnesium alloy, offering superior corrosion resistance and durability compared to traditional galvanized trays, making them ideal for outdoor or harsh industrial environments . Prices depend on factors such as tray height, width, thickness, and whether the tray is perforated, ladder-type, or solid-bottom.

Typical Pricing Examples

- Small coupler plates or short tray sections (e.g., 20/30 x 200 mm) are priced around ₹16 per piece in India .
- Medium-sized trays (e.g., 70 x 200 mm) can cost approximately ₹30 per piece .
- International suppliers, such as Alibaba or specialized manufacturers, offer customized trays with prices varying based on length, thickness (0.7–2.5 mm), and surface treatment .

Factors Affecting Price

- Material Thickness: Thicker trays (up to 2.5 mm) are more expensive due to higher material costs .
- Tray Type: Ladder-type, perforated, or solid-bottom trays have different manufact...
