

Belize manufactures electrical distribution boxes

Article Overview

Belize manufactures and supplies electrical distribution boxes, including locally designed XL-21 low-voltage power distribution cabinets.

Local Manufacturing

Belize produces XL-21 type low-voltage power distribution cabinets, which are designed with bent steel plates and welded angle steel for durability and compact structure. These cabinets are suitable for industrial, commercial, and civil applications, including schools and government institutions. They support single-phase and three-phase systems with voltages below 500V and load currents under 630A. The cabinets can be equipped with air circuit breakers, fuses, contactors, thermal relays, and optional knife switches, with front doors allowing easy maintenance and installation of operation buttons and indicator lights (Web result).

Local Suppliers and Distributors

Several local companies in Belize supply electrical distribution boxes and related equipment:

- Supplies Plus Distributor Company Ltd offers a wide range of electrical materials, including junction boxes, breaker boxes, meter sockets, fuse boxes, and other distribution equipment. They carry brands such as GE, Leviton, Eaton, and Legrand, and provide delivery services for construction and DIY projects (Web result)....
