

Cable tray modified to be folded down

Overview

The practical cable tray folds out on both sides for stowing cables, multiple sockets, power supply units, etc. It can be used universally for all standard desktops with a minimum thickness of 2 cm. In combination with our optionally available Slim cable chain, the Swing cable tray offers the perfect, comprehensive cable management system. Not just practical, but also stylish! The powder-coated steel ensures durability while. voestalpine Metsec produce a range of flexible and pre-folded risers for light, medium and heavy duty cable tray systems. Flexible risers are available in widths from 50mm – 600mm and supplied flat to be folded to the required angle on site. Put an end to distractions – create a clean and organized work environment for more productivity. A messy tangle of cables under your desk can consciously or unconsciously distract you from your. Against this backdrop, the FRP Cable Tray (Fiberglass Reinforced Plastic Cable Tray) has become the preferred solution in fields such as electricity, communication, and chemical industry, thanks to its unique material properties and design advantages. This article will deeply analyze the. Eaton's B-Line series cable tray systems are designed to help you save time, reduce complexity and maximize the return on your investment.
