

Distribution Box Manufacturer in Haiti

Article Overview

Haiti has several manufacturers and suppliers offering custom and standard electrical distribution boxes for residential, commercial, and industrial use.

Key Manufacturers and Suppliers

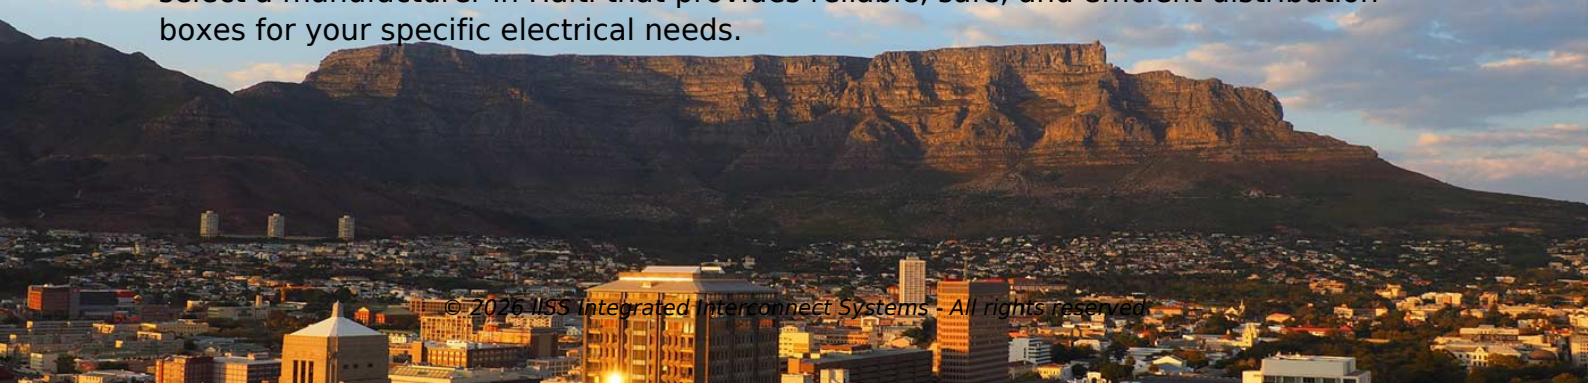

INDU-ELECTRIC is a leading provider of custom power distribution panels in Haiti. They specialize in tailored solutions for electrical distribution boxes, ensuring products meet specific customer requirements without unnecessary features. Their offerings include load management panels, rising mains, cable trays, and LT distribution panels. INDU-ELECTRIC operates an in-house manufacturing unit with modern machinery to produce high-quality, precise electrical panels suitable for homes, offices, and industrial setups. Business Yellow Pages Haiti lists over 70 manufacturers and suppliers, including companies that provide electrical enclosures, metal cabinets, and distribution boxes. This directory can help identify local suppliers for both standard and custom electrical solutions.

International Manufacturers with Delivery to Haiti

While local manufacturers are available, international companies like SKKBO and Shengenfab offer high-quality distribution boxes with global shipping. SKKBO provides metal electrical distribution boxes for industrial use, certified with UL, CE, IP66/67, and NEMA 4X standards, and can customize solutions based on project specifications. Shengenfab specializes in modular power distribution boxes with flexible input/output configurations, weather-resistant construction, and advanced safety features, suitable for both indoor and outdoor applications.

Considerations for Choosing a Manufacturer

- Customization: Ensure the manufacturer can tailor the distribution box to your voltage, circuit, and environmental requirements.
- Certifications: Look for UL, CE, or IP ratings to guarantee safety and compliance.
- Local Support: Choosing a Haitian manufacturer like INDU-ELECTRIC can simplify logistics, installation, and after-sales service.
- Application Type: Residential, commercial, industrial, or photovoltaic applications may require different box types and materials. By evaluating these factors, you can select a manufacturer in Haiti that provides reliable, safe, and efficient distribution boxes for your specific electrical needs.
