

Distribution Box Model and Specifications

ggd

Overview

The GGD type AC low-voltage distribution cabinet is suitable for power distribution systems of power plants, substations, industrial and mining enterprises, and other electrical users with an AC frequency of 50Hz, a rated operating voltage of 380V, and a rated operating current up to 3150A. It is designed for ease of use, simple maintenance, and maximum operational uptime, making it a top-of-the-line electrical enclosure designed for managing and distributing electrical power within low-voltage systems. Space-Saving Design: 800x600x2200 mm dimensions make efficient use of indoor space. Flexible Configuration: The GGD AC low-voltage distribution cabinet is suitable for power distribution systems with AC 50Hz, rated voltage of 380V, and rated current up to 3150A.

Prefabricated Substation (American Style Box)

The GGD series AC low-voltage distribution cabinet is a fixed-mounted low-voltage switchgear assembly compliant with standards IEC 60439 and GB 7251.1. Its core advantages are simple and robust ...

Jul 17, 2026

GGD Type AC Low-Voltage Distribution Cabinet

The GGD type AC low-voltage distribution cabinet is suitable for power distribution systems of power plants, substations, industrial and mining enterprises, and other electrical users with an AC ...

Nov 06, 2025

WELTRUS Low Voltage Distribution Cabinets – GCK, GCS, GGD, ...

The Low Voltage Distribution Cabinet Series from WELTRUS offers a full range of modular and fixed-type low-voltage switchgear for safe and reliable power distribution.

May 21, 2026

ALAN Low voltage distribution cabinet GGD sales specifications: 1

The ALAN Low Voltage Distribution Cabinet GGD is a highly durable and versatile solution for housing electrical distribution systems. This cabinet is engineered with advanced features to ensure safety, ...

Jul 22, 2026

GGD Type

GGD type AC low voltage distribution cabinet is suitable for power plants□ substations□ factories, and mine enterprises whose distribution system is with 50HZ ACto 3150A rated working current, used for ...
