

Eastern European Fireproof Cable Trays

Article Overview

Fireproof cable trays, including E90-rated systems, are available from multiple European suppliers and meet stringent fire safety standards.

Availability and Suppliers

Several European manufacturers provide fire-resistant cable trays suitable for Eastern Europe:

- HERMI Solutions offers cable trays designed for fire-resistant cable paths, available in standard and lightweight configurations for surface cable laying .
- Meka Pro provides over 1,200 fire-tested cable management products, including E60 and E90-rated systems, ensuring circuits remain functional during fire events and comply with EN 1363-1 standards .
- Cablofil produces fireproof cable trays tested to the German DIN 4102-12 standard, suitable for low and high voltage cables, including Prysmian FP and Draka Firetuf types .
- Vergokan offers E30, E60, and E90 fire-resistant cable support systems, designed to maintain structural integrity and support function during fires, compliant with DIN 4102 part 12 .
- Eurostrut supplies industrial and marine cable trays, including distribution and NATO-type models, which can be requested via their webshop .

Fire-Resistance Ratings

- E30, E60, E90: These ratings indicate the duration (in minutes) that the cable tray...
