

Fiber optic cable port panel price

Article Overview

Fiber optic port panels typically range from \$30 for small wall-mount kits to over \$500 for high-density rack-mounted panels.

Price Ranges

- **Small Wall-Mount Panels (6-12 ports):** These are compact enclosures suitable for home or small office setups. Prices generally range from \$30 to \$100, depending on the connector type (SC or LC) and included accessories like pigtails and couplers (Amazon) .
- **Standard Rack-Mount Panels (12-24 ports):** Common in data centers, these 1U or 2U panels with LC, SC, or ST connectors typically cost \$80 to \$200. They may include sliding trays or pre-loaded adapters for easier fiber management (FiberTek Fiber Shop) .
- **High-Density Panels (24-48 ports or more):** Designed for medium to large-scale deployments, these panels support MTP/MPO or multiple LC/SC ports and can cost \$200 to \$500+, depending on singlemode or multimode fiber, and whether they include pre-terminated cables or splice trays (FS) .

Factors Affecting Price

- **Connector Type:** LC connectors are smaller and often used in high-density panels, while SC and ST connectors are more common in standard setups. MTP/MPO connectors for high-density applications are more expensive.
- **Fiber Type:** Singlemode panels generally cost more than multimode due to higher precision requirements.
- **Panel Features:** Sliding trays, splice management, and pre-loaded adapters increa...
