

Fire-resistant cable trays from the Philippines

Article Overview

Fireproof and fire-resistant cable trays in the Philippines are available in galvanized steel, stainless steel, and fiberglass (FRP) materials, suitable for industrial and critical infrastructure applications.

Types and Materials

- **Galvanized Steel Cable Trays:** Widely used for their strength, cost-effectiveness, and corrosion resistance. Fireproof variants often feature PVC or powder-coated fire-resistant layers and are suitable for indoor and outdoor installations in humid or coastal environments .
- **Stainless Steel Cable Trays:** Durable and corrosion-resistant, ideal for high-temperature or chemically aggressive environments. Available in 304 stainless steel with fireproof coatings .
- **Fiberglass Reinforced Plastic (FRP) Trays:** Fire-resistant and flame-retardant, FRP trays are lightweight, non-conductive, and suitable for highly corrosive or critical areas such as chemical plants, data centers, and coastal installations .

Local Suppliers and Manufacturers

- **Lazada Philippines:** Offers a variety of fireproof galvanized and stainless steel cable trays, with customizable sizes and options for PVC spraying or hot-dip galvanization. Products are available with secure payment methods and delivery across the country
