

German Explosion-proof Distribution Box Series Brands

Article Overview

Leading German and European brands for explosion-proof distribution boxes include ROSE Systemtechnik, R. STAHL, Atex Delvalle, Cortem, and Miretti, offering ATEX, IECEx, and NEC-certified solutions.

Key German and European Brands

ROSE Systemtechnik GmbH ROSE provides aluminium, polyester, and stainless-steel Ex enclosures and control stations suitable for hazardous areas. Their products are certified for ATEX and other international standards, offering hinged doors, various sizes, and customizable structures for electrical distribution systems in explosive atmospheres . R. STAHL

- STAHL specializes in terminal and junction boxes for hazardous areas, offering both standard and custom-made solutions. Their products are certified for global installation technologies and include Ex e and Ex d protection types, ensuring safe energy distribution in zones with combustible gases or dust . Atex Delvalle Atex Delvalle manufactures stainless steel (AISI 304L & 316L), aluminium, and GRP polyester enclosures. Their product lines include the Luxorex Series (wall-mounted enclosures), Terbox Series (stainless steel terminal and junction boxes), and Tribex Series (large stand enclosures). These are ATEX 2014/34/UE, IECEx, and UL NEMA 4X certified, suitable for zones 1, 2, 21, and 22 . Cortem S.p.A. Cortem offers explosion-protected junction and pulling boxes, as well as control stations with Ex d and Ex e protection. Their enclosures are IP66 rated and can be used for lighting circuits, power distribution, and command/control units in industrial applications . Miretti Gr...
