

High-quality power distribution boxes in the UAE

Article Overview

The UAE offers a range of high-quality power distribution boxes suitable for industrial, commercial, and residential applications, with options from leading manufacturers like Al Safeenah, Kesher Automation, and Ozplast.

Leading Manufacturers and Suppliers

Al Safeenah provides premium distribution boxes constructed from carbon steel, stainless steel, or thermoplastic, designed for durability and environmental resistance. Their boxes feature IP65/IP66 weatherproof ratings, modular DIN-rail mounting, corrosion-resistant coatings, and compliance with IEC 61439-1, UL 67, and CE standards. They are suitable for construction sites, industrial plants, telecommunications, commercial buildings, and renewable energy systems . Kesher Automation specializes in industrial distribution boxes with robust enclosures and premium-grade components. Their products are CPRI approved, offering overload, short-circuit, and fault protection, along with real-time monitoring and customizable configurations. These boxes are engineered for long-term reliability in demanding industrial environments, ensuring safe and uninterrupted power supply . Ozplast manufactures polyethylene (PE) distribution boxes that are lightweight, portable, and resistant to harsh weather, corrosion, and impact. These are ideal for temporary or mobile power distribution on construction sites or industrial projects, with integrated circuit breakers and customizable options .
