

Lithuanian Cable Tray Manufacturing and Procurement

Article Overview

Cable tray procurement in Lithuania is primarily conducted through the Central Public Procurement Information System (CVP IS), with additional market insights and supplier options available through specialized portals and reports.

Public Procurement Procedures

All public procurement in Lithuania, including cable trays, is conducted electronically via the Central Public Procurement Information System (CVP IS), managed by the Public Procurement Office. This system is mandatory for all public contracts, regardless of value, except for certain exemptions under national and EU law. The new CVP IS platform has been active since December 1, 2024, and can be accessed at viesiejipirkimai.lt for registration, tender participation, and contract management. Historical procurement data is available in the old system for reference. For EU-funded projects exceeding €15,000, procurement contracts are often managed under Indirect Management Projects by the CPVA, providing additional transparency and reporting on grant-financed contracts.

Tender Portals and Notices

To track current cable tray tenders, RFPs, and bids, suppliers can use portals like TendersOnTime, which aggregates government and international tenders in Lithuania. This portal provides detailed tender information, bidder lists, and e-bidding support for products including cable trays, cable ducts, cable accessories, and relat...
