

Manufacturers of low-voltage distribution boxes

Article Overview

Leading manufacturers of complete low-voltage distribution boxes include Zoliov, Beike, ABB/MD-MAX, Elsteel, and ADI Global, offering fully compliant, modular, and customizable solutions for industrial, commercial, and residential applications.

Key Manufacturers and Their Offerings

Zoliov provides complete low-voltage distribution boxes designed for safe and efficient power management in commercial, industrial, and urban power networks. Their products comply with IEC and GB standards, are ISO9001 and ISO14001 certified, and include tailored solutions for voltage levels, environmental conditions, and project-specific requirements. Zoliov offers end-to-end support from system planning to installation and commissioning, ensuring long-term reliability and safety . Beike manufactures low-voltage switchgear and distribution cabinets compliant with UL 1558, IEC 61439-1/-2, and UL 508A standards. Their product range includes Main Distribution Boards (MDB), Motor Control Centers (MCC), and Sub-distribution Boards. Beike emphasizes modular flexibility, high short-circuit protection (up to 100kA), high-purity copper busbars, and smart integration for real-time monitoring . ABB/MD-MAX offers the MDmax series of low-voltage switchgear, including ST and FC series, suitable for floor-standing, wall-mounted, and drawer-style configurations. These cabinets support rated currents up to 6300A, short-circuit withstand currents up to 100kA, and protection levels up to IP54. They feature mechanical interlocks, intelligent three-position conversion, and reserved communication interfaces, making them ideal for power generation, chemical, and data center applications . Elsteel is...
