

Middle East Explosion-proof Distribution Box Manufacturer

Article Overview

Key manufacturers in the Middle East include WAROM Technology, ExTek Middle East, and Sensor Control LLC, offering ATEX and IECEx-certified explosion-proof distribution boxes for industrial and hazardous environments.

WAROM Technology

WAROM Technology MENA FZCO operates as a regional hub in the Middle East and North Africa, providing a complete solution for explosion-proof products, including distribution boxes, enclosures, and components . Their explosion-proof illumination distribution boxes are designed for industrial lighting automation, hazardous electrical systems, nuclear illumination, and defense applications. These boxes feature a compound design combining flameproof (Ex d) and increased safety (Ex e) chambers, anti-static coatings, anti-loosening fasteners, and color-coded operating panels for safe and efficient operation . WAROM also offers customization, assembly, and after-sales support .

ExTek Middle East

ExTek Middle East provides a wide range of hazardous area electrical solutions, including explosion-proof junction boxes, plugs, sockets, and signaling components . They focus on oil & gas, industrial, and critical facility applications, ensuring compliance with international safety standards. ExTek emphasizes preventive maintenance, power system modifications, and sustainable solutions, making them...
