

New Zealand Galvanized Conduit Cable Tray Manufacturer

Article Overview

Key manufacturers of galvanized cable trays in New Zealand include Tilley & Patton Ltd, Steel & Tube, FDG, Mechanical Support Systems, and USL Multistrut.

Leading Manufacturers and Suppliers

Tilley & Patton Ltd offers a full design and manufacturing service across New Zealand, specializing in sheet metal products and components, including electrical cable trays suitable for various industrial and commercial applications. Steel & Tube provides a comprehensive range of cable trays and ladders, including pre-galvanized options. They support full project take-offs, quotations, and offer BIM-enabled 2D and 3D CAD design resources for planning and installation. FDG supplies a wide selection of cable trays, ladders, and baskets in pre-galvanized and hot-dip galvanized finishes. Their products are modular, adjustable, and can be powder-coated or custom-painted. FDG also provides engineering data and compatibility with support systems like FDG Modframe™ and STRUT™, making them versatile for large-scale projects. Mechanical Support Systems offers light to medium duty cable trays, including EMT and Kiwitray systems, available in pre-galvanized (PG) and hot-dip galvanized (HDG) finishes. These trays are suitable for indoor and outdoor use in offices, healthcare, education, and social infrastructure projects. USL Multistrut specializes in electrical and mechanical support systems, including cable trays, brackets, and channels designed for New Zealand conditions. They provide engineered solutions, pre-fixed joiners for faster installation, and support for major infrastructure, industrial, and commercial projects
