

Norwegian Dual Power Distribution Box Company

Article Overview

Efa Elektro AS, ON Energi, and Nexans Norway AS are key Norwegian companies providing electrical distribution solutions, including dual power distribution systems.

Key Companies and Offerings

Efa Elektro AS specializes in the distribution of electrical components and complete energy distribution solutions for construction and building projects. Their product range includes distribution blocks, circuit breakers, and electrical installations, which are suitable for dual power distribution applications in commercial and industrial settings . ON Energi is a Norwegian energy contractor with expertise in constructing and operating electrical installations, including high-voltage infrastructure up to 132 kV. They provide services for power line construction, maintenance, and smart energy systems, making them a strong candidate for dual power distribution projects . Nexans Norway AS is a leading supplier of power, telecom, installation, and heating cables, with a global reputation in offshore control cables and high-voltage submarine cable systems. Their extensive manufacturing and local support capabilities in Norway make them a reliable partner for complex electrical distribution solutions, including dual power setups .

Additional Options

For data center or server room applications, Norwegian PDU and power strip suppliers offer multiple outlet power distribution units designed to meet local standards. Thes...
