

# Price of Distribution Box Circuit Number

## Article Overview

Distribution box prices vary based on the number of circuits, type, capacity, and features, ranging from ₹150 for basic units to several thousand rupees for industrial-grade systems.

### Price Overview by Circuit Capacity

- **Basic Residential Units (1–6 circuits):** Entry-level single-phase distribution boxes for small homes or apartments typically start around ₹150–₹500 per piece depending on the brand and material (plastic or metal) and may include simple circuit breakers or fuses (Flucon Components Private Limited: ₹150/Piece, Kay Kay Industries: ₹190/Piece) .
- **Medium Residential/Commercial Units (6–12 circuits):** These boxes accommodate more appliances and lighting circuits, often including modular breakers, surge protection, and better insulation. Prices generally range from ₹500–₹2,000 depending on features and brand .
- **Large or Industrial Units (12+ circuits):** Three-phase or high-capacity distribution boxes for factories, offices, or large buildings can cost ₹2,000–₹10,000+, especially if they include advanced monitoring, smart control, or weatherproof enclosures .

### Factors Affecting Price

- **Type of Distribution Box:** Main breaker panels, sub-panels, fuse boxes, and transfer switches differ in complexity and cost. Transfer switches for automatic backup are more expensive than standard residential panels .
- **Number of Circuits:** More circuits require larger enclosures and additional breakers, increasing the price ....
