

Price of Fenghua Trough Cable Trays

Article Overview

Fenghua Trough Cable Trays typically range from \$15 to \$120 per meter depending on material, size, and customization, with factory-direct and OEM options influencing final cost.

Pricing Overview

The cost of trough cable trays, including Fenghua brand, varies widely based on material type, dimensions, load capacity, and environmental specifications. Common materials include steel, aluminum, stainless steel, and fiberglass reinforced plastic (FRP), with FRP and stainless steel generally commanding higher prices due to corrosion resistance and durability. Standard steel trays are usually the most cost-effective option.

Factors Affecting Price

- **Material:** Steel is cheaper than aluminum or FRP; stainless steel is premium.
- **Size and Load Capacity:** Wider or deeper trays designed for heavier cable loads cost more.
- **Customization:** OEM or factory-specific designs, including special coatings or fireproofing, increase cost.
- **Accessories:** Bends, tees, risers, and covers may be included or sold separately, affecting total price.
- **Volume Discounts:** Bulk orders often reduce per-meter cost, especially when sourced directly from manufacturers.
