

Price of Monitoring Tail Cable Junction Box Identification Sign

Article Overview

The price of a Monitoring Tail Cable Junction Box Identification Sign varies depending on material, size, environmental rating, and customization, typically ranging from \$5 to \$50 per sign in industrial settings.

Overview

A Monitoring Tail Cable Junction Box Identification Sign is used to clearly label junction boxes in industrial and control systems, ensuring proper identification of cables and circuits for maintenance, troubleshooting, and safety . These signs are essential in environments such as oil and gas, petrochemical plants, power generation, and water treatment facilities.

Materials and Durability

Identification signs are typically made from industrial-grade materials such as polyolefin, thermoplastics, or stainless steel, designed to withstand harsh conditions including UV exposure, moisture, chemicals, abrasion, and extreme temperatures . Signs may be laser-engraved or printed for long-term legibility.

Factors Affecting Price

- Material: Stainless steel or UV-resistant thermoplastics cost more than standard plastic signs .
- Size and Design: Larger signs or those with custom text, logos, or color coding inc...
