

# Price of Stainless Steel Distribution Boxes in Portugal

## Article Overview

Stainless steel distribution boxes in Portugal typically range from €50 to €300 or more, depending on size, amperage, and industrial specifications.

### Overview of Pricing

The cost of stainless steel distribution boxes varies based on several factors:

- Size and capacity: Small domestic boxes for up to 7 circuits may start around €50–€100, while larger industrial-grade boxes handling higher currents or multiple circuits can exceed €200–€300 .
- Material quality: Boxes made from high-grade stainless steel (e.g., SUS304 or SUS316) are more corrosion-resistant and durable, which increases the price .
- Features: Integrated sockets, circuit breakers, grounding bars, and weatherproof enclosures add to the cost .
- Supplier and customization: Local manufacturers and B2B suppliers in Portugal, such as IFEC, AGS CNC Machining, and RSTEEL, offer custom sizes and industrial-grade solutions, which can affect pricing .

### Where to Buy

- Online retailers: Companies like Könnert & Söhne provide certified distribution boards suitable for domestic and industrial use, with competitive pricing and delivery across Portugal ....
