

Price of ladder-shaped cable trays

Article Overview

Ladder-style cable trays typically range from \$50 to \$300 per straight section, depending on size, material, and supplier.

Overview of Pricing

The cost of ladder cable trays varies based on several factors:

- **Material:** Aluminum trays are lightweight and corrosion-resistant, generally costing less than stainless steel or heavy-duty galvanized steel trays .
- **Size and Dimensions:** Widths commonly range from 4 to 12 inches, and side rail heights from 4 to 7 inches. Longer or wider trays increase the price .
- **Load Capacity:** Trays designed for heavy-duty applications or large cable bundles are more expensive.
- **Supplier and Brand:** Prices differ between suppliers like McMaster-Carr, Grainger, and Legrand, with some offering same-day delivery or specialized fittings .

Typical Price Examples

- Small aluminum straight sections (4-6 inches wide, 10 feet long): \$50-\$100 per section .
- Medium sections (6-8 inches wide, 10-12 feet long): \$100-\$200 per section .
- Large or heavy-duty sections (10-12 inches wide, 12 feet long, stainless steel): \$200-\$300 or more per section .
