

Ranking of manufacturers of fiber optic tray moisture protection devices

Article Overview

Leading manufacturers of fiber optic trays and moisture protection devices include Legrand, Panduit, CommScope, Belden, and R&M, recognized for quality, innovation, and global market presence.

Top Manufacturers and Market Leaders

- Legrand – A global leader in cable management and fiber optic solutions, Legrand offers high-quality fiber trays with moisture protection features suitable for telecom and data center applications .
- Panduit – Known for durable fiber cable trays and structured cabling solutions, Panduit provides products designed to protect fiber optics from environmental factors, including moisture .
- CommScope – Offers a wide range of fiber optic trays and enclosures with advanced moisture protection, widely used in enterprise and hyperscale networks .
- Belden – Provides fiber tray systems with robust environmental protection, including moisture-resistant designs for industrial and commercial deployments .
- R&M (Reichle & De-Massari AG) – Specializes in high-performance fiber optic trays and enclosures with integrated moisture protection, serving global telecom and data center markets .
- Warren & Brown, Leviton, Rosenberger OSI, Canovate, Eaton – These companies are also recognized for their fiber tray solutions with moisture protection, contributing to the global market share .
