

Senegal Home Electrical Distribution Box Price Inquiry

Article Overview

The price of a home electrical distribution box in Senegal typically ranges from around 1,366 CFA per unit for basic residential setups, with higher-end or modular options costing more depending on brand and specifications.

Pricing Overview

For standard residential installations, a complete electrical distribution network including a distribution box with 3 H07VK 1.5 mm² cables, protective tubes, and accessories costs approximately 1,366.17 CFA per unit for interior housing setups . This price includes installation, connection, and testing, ensuring compliance with local standards (NF C 15-100) and safety requirements .

Types of Distribution Boxes

- **Bipolar and Tetrapolar Breakers:** Protect against overloads and short circuits, suitable for 3–36 kVA residential power levels .
- **Differential and Selective Breakers:** Provide enhanced safety against indirect contact and prevent nuisance tripping due to atmospheric disturbances .
- **Smart Panels:** Modern options like SPAN panels allow integration with smart devices for energy management, often used in high-consumption households or solar installations .
- **Fuse Boxes and Lug Panels:** Basic protection panels with fuses or lugs, typically for smaller homes or sub-panels .

Suppliers and Availability

Senegal has several local and online suppliers for electrical distribution boxes:

- **Sunu Équipement:** Offers Schneider Electric modular devices, breakers, and complete distribution boxes for residential and commercial use .
- **Go4WorldBusiness:** Connects buyers with verified bulk suppliers of electrical distribution boxes in Senegal .
- **Solar and Electric Panel Distributors:** Companies like SPAN provide smart panels and high-capacity electric panels, often used in solar-powered homes .
