

Standardized Price of Distribution Boxes

Article Overview

Distribution box prices vary widely, typically ranging from \$10 for basic residential units to over \$2,000 for industrial-grade or smart systems.

Residential Distribution Boxes

Standard residential distribution boxes, often single-phase units, generally cost between \$10 and \$100 depending on material and capacity. Plastic enclosures are the most affordable, while metal boxes (steel or aluminum) offer better durability and start around \$20, with premium weatherproof or high-capacity units reaching higher prices .

Commercial and Industrial Distribution Boxes

Commercial and industrial boxes, designed for higher voltages and multiple circuits, typically range from \$200 to over \$2,000. Prices increase with features such as three-phase configurations, stainless steel construction, modular designs, and integrated smart monitoring systems . Industrial units often include advanced safety features, surge protection, and compatibility with building management systems, which further influence cost .

Specialized and Portable Units

- Septic system distribution boxes: \$20-\$150, depending on size and complexity .
- Portable distribution boxes: \$50-\$500+, used for events or construction sites .
- Generator transfer switches: \$300-\$1,500, depending on power handling and fun...
