

What are some companies that import relay protection equipment

Article Overview

Major importers of relay protection equipment include LLC Schneider Electric Ukraine, INTER CARS Ukraine LLC, and INTER CARS Ukraine LTD, among thousands of global buyers.

Leading Global Importers

According to recent import data, LLC Schneider Electric Ukraine is the largest importer of relay protection equipment, accounting for 23% of global shipments, followed by INTER CARS Ukraine LLC with 13% and INTER CARS Ukraine LTD with 10% of total imports . These companies are active in sourcing protective relays from a wide range of international suppliers, reflecting strong demand in utility and industrial sectors.

Other Notable Importers

The Volza database identifies over 35,000 active importers worldwide, spanning more than 178 countries . Other significant buyers include Siemens Ltd Australia and Schneider Electric subsidiaries in various regions, which import relays for grid protection, industrial automation, and smart energy systems.

Top Manufacturers Often Imported

Many importers source from leading manufacturers, which include:

- ABB – Global leader in power system protection and automation .
 - Siemens – Provides relays integrated into industrial and utility control systems .
 - Schneider Electric – Offers a wide range of digital and electromechanical relays .
 - GE Grid Solutions – Supplies transmission-level protective relays .
 - Schweitzer Engineering Laboratories (SEL) – Known for advanced digital protection technologies .
- These manufacturers are frequently the source of imported relay protection equipment due to their global presence, reliability, and compliance with international standards.

Regional Insights

- Asia Pacific leads in import activity due to rapid urbanization, grid expansion, and...
