

Which company makes reliable long-span cable trays

Article Overview

For long-span cable trays, leading manufacturers like Atkore International, Legrand, and OBO Bettermann are highly recommended for their durability, customization options, and global support.

Recommended Manufacturers

Atkore International is recognized for its extensive range of cable management systems, including industrial-grade cable trays suitable for long spans. They offer galvanized, stainless steel, and custom solutions, ensuring high load capacity and corrosion resistance, making them ideal for heavy-duty industrial and commercial installations. Legrand provides high-quality cable trays and infrastructure products, with a focus on electrical and digital building systems. Their products are known for durability, ease of installation, and compliance with international standards, making them suitable for long-span applications. OBO Bettermann has over a century of experience in cable support systems. They offer cable trays, ladders, and mesh trays designed to withstand mechanical loads and environmental stress. Their systems are modular, allowing for long-span installations with secure cable routing and professional technical support.

Types of Cable Trays for Long Spans

Ladder Cable Trays are the most suitable for long spans, typically ranging from 10 to 24 feet. Their open rung-and-rail design allows for superior airflow, reduces heat bui...
