

Which company makes the best energy-saving cable trays for China and Africa

Article Overview

Shandong Tianhong Electric Power Technology and Suzhou Ontop are leading manufacturers offering high-quality, energy-efficient cable trays suitable for China and Africa.

Leading Manufacturers in China

1. Shandong Tianhong Electric Power Technology Co., Ltd. Tianhong specializes in perforated trays, cable ladders, trunking, and fittings with a focus on durability, heat dissipation, and corrosion resistance. Their products are suitable for power plants, data centers, commercial buildings, and infrastructure projects. Tianhong offers OEM & ODM services, allowing customized solutions for industrial and commercial applications. Their cable trays are made from materials like SECC, SGCC, SUS201/304/316, PVC, and GRP, ensuring adaptability to harsh environments and energy-efficient cable management . 2. Suzhou Ontop Mechanical & Electrical Equipment Co., Ltd. Ontop provides lightweight, ventilated, and heat-dissipating cable trays ideal for petroleum, chemical, power, and telecommunications sectors. They utilize polymer composite materials and advanced manufacturing processes to optimize energy efficiency and reduce installation costs. Ontop's solutions are designed for remote areas and renewable energy projects, making them suitable for African installations where environmental conditions vary . 3. ECTRAY ECTRAY offers perforated, heavy-duty, aluminum alloy, and marine cable trays with excellent heat dissipation and structural robustness. Their mesh cable trays are widely used in data centers and smart buildings, providing energy-efficient airflow and reducing cooling...
