

Wholesale Prices of Canadian Mesh Cable Trays

Article Overview

The wholesale price of wire mesh cable trays in Canada typically ranges from CAD \$10 to \$25 per meter, depending on material, finish, and order quantity.

Price Range and Material Factors

The cost of wire mesh cable trays varies based on material and coating:

- Galvanized steel: Most common and cost-effective, balancing durability and price.
- Stainless steel: Higher-priced, used in corrosive or hygienic environments.
- Aluminum: Lightweight and rust-resistant, generally more expensive than steel.
- Polymer-coated or plastic trays: Budget-friendly but suitable only for light loads .

For bulk or wholesale orders, suppliers often offer discounted rates, which can reduce the per-meter cost below standard retail pricing .

Brand and Supplier Considerations

Popular Canadian suppliers include Chalfant, Legrand Cablofil, and TradeKey listings, offering a range of wire mesh trays with different finishes, modular sections, and accessories . Chalfant trays, for example, are noted for heavy-duty capacity and long-term durability, which may increase upfront costs but reduce maintenance and replacement expenses over time . Budget alternatives like Snake Tray 501 provide lower initial costs and faster installation but may have lower load capacity
