

Yellow Fiberglass Cable Tray Specifications

Overview

CF120 Fiber Cable Tray, 120mm width 100mm height; Yellow PVC material; 2 meters/pc. This diverse 120mm fiber duct product group features rugged UL94-V0 rated construction and Pantone. Mulder-Hardenberg offers a high-quality solution of fiber optic cable ducts, also known as yellow trunking (officially: YellowDuct® by Warren & Brown), which meets the needs of clients and installers with the highest demands. The selection of material and finish is a function of the environment in which it is used in a wide range. For more than 30 years, MP Husky's Fiberglass Cable Tray systems have been tested and proven in the harsh environment of the offshore Oil & Gas industry. Our Fiberglass Cable Tray gives you the load capacity of steel, plus the inherent characteristics afforded by Pultrusion Technology: With the strong growing demand of fibers, fiber cords need to be segregated from copper services and routed in an enclosed duct raceway system, fulfilling following Demands : bright distinctive duct color : Yellow protection against compression protection against bend radius available sizes 50 mm. ng; Power, Data, and Audio Visual. A quick and easy system to install without the need for specialised tools or equipment, makes it a first choice for Comm solution that works for your job. This tray is stocked in a range of Pre-Galv and Hot Dip Galv finishes, which can also be powder coated and.
